Walking on Water

United we make a difference

Haumoana-Te Awanga & Clifton reject council options of 13 groynes that tax us off our properties and force a retreat from the coastline.

New options: Fewer groynes, a public seawall-walkway and coastal beautification.

Initial plans have been drawn up as part of the wider vision. We're asking local and regional councils to act for the community and start the ball rolling by supporting and fast tracking resource consents.

The WOW committee, nominated after a concerned citizens meeting on May 4th, has prepared a visionary submission on the protection of the coastline from Haumoana to Clifton.

Let's transform and defend this area so residents, businesses, tourists and Hawke's Bay in general can be proud of this community, rather than letting it wash into the sea.

The WOW (Walking on water) submission is being put to:

Hastings District Council (HDC)
Civic Administration Building
207 Lyndon Road East, Hastings

Hawke's Bay Regional Council
159 Dalton Street, Napier

Thur 4 June at 10.45am

Tue 9 June at 11.45

**SUPPORT THIS COASTAL
COMMUNITY VISION**

BE THERE

Your support - for solidarity not interjections - appreciated

You can email letters of support or willingness to be involved to:

Ann Redstone, WOW chairperson: agoodin@xtra.co.nz

Or contact Rex or Margaret Reid: 06-8751254

The full submission can be read at: www.haumoana.com
